Chayei Sarah Parshah Bingo Call List

How to Play

- Give each player (up to 8 players) a bingo board and a pile of tokens (such as raisins, nuts, etc.)
- The leader calls out each picture on this page one at a time
- Whenever a person finds the called-out picture on their own board, they cover it with a token
- Whoever has four covered pictures in a row (either horizontal, diagonal or vertical) is the winner
- You can continue playing for second-, third-, and fourth-place winners, etc.

Not sure how a picture connects to the parshah? Discuss it together. Someone is bound to figure it out...
